Work Experience

Raise Digital

October 2023 – November 2023

Frontend Developer

Bengaluru, India

- Developed and maintained user interfaces using **Tailwind CSS**.
- Implemented front-end library **React** to make web pages interactive and **reusable** for future use.
- Participated in team meetings, providing insights and suggestions to improve overall web development processes.
- Collaborated with cross-functional teams to translate design wireframes and mockups into responsive and interactive web pages.
- Conducted testing and debugging to ensure seamless functionality and enhance user experience.
- Gained practical experience in agile development methodologies and version control systems.

Project Work

[ShopiMart](#) | JavaScript, jQuery, Bootstrap, Html

- Developed a fully functional e-commerce platform using modern web technologies, enhancing user experience and boosting online sales.
- Utilized Tailwind CSS for designing responsive and visually appealing user interfaces, ensuring compatibility across various devices and screen sizes.
- Conducted thorough testing and debugging to ensure website functionality and resolve any issues promptly.

[EgResume](#) | React, Gemini API, Strapi CMS, MySQL, Tailwind

- Developed an intuitive UI for a resume builder application using React, delivering a seamless and efficient user experience.
- Leveraged Tailwind CSS to ensure the application is fully responsive across all devices.
- Integrated Strapi CMS, allowing users to choose from a wide variety of customizable resume templates tailored to their needs.
- Utilized Gemini API to provide users with intelligent suggestions based on their input, enhancing the resume creation process.
- Enabled high-quality PDF resume downloads through an integrated PDF generation tool.
